FOR IMMEDIATE RELEASE

Polar Sponsors Northeast Regional Science & Engineering Fair

PARK RIVER, ND – April 19, 2005 – Polar Communications sponsored the Northeast Regional Science & Engineering Fair on March 9th, 2005. The Science & Engineering Fair was held in Grand Forks at UND's Memorial Union Ballroom. The fair was made up of students with projects from elementary to senior high.

Sixteen students from the each region advance to the State Science Fair; this year it was held at Minot State University, April 7-8. At the state fair, 4 students from each region were selected to attend the International Fair in Phoenix, AZ, May 8-14. From our region, Kelby Laxdal - Edinburg School, son of Kent & Mary Laxdal and Alicia Hall - Valley School, daughter of Warren & Marilyn Hall were selected to attend as student observers. Sarah Moquist - Valley School, daughter of David & JoAnn Moquist and Erik Knutson - Edinburg School, son of Rod & Patty Knutson were chosen to compete with their projects. Angie Neimann - Valley School, daughter of Annette & Lynn Niemann was the Silver Sweepstakes winner at the State Science Fair. Her project was selected from all the regions competing at the fair for this award. Naturally her project advances to the International Fair as well.
