

# Polar security systems fit every lifestyle, budget and need.

Home automation and security systems do more than keep you and your family safe and secure...they give you peace of mind and can even keep you connected to your home wherever you are. Our products are easy enough for every member of the family to operate, providing a level of simplicity and convenience you'll really appreciate.

Our hosted video service starts as low as \$7.95/mo. and can help you keep an eye on the things you care about. It's a simple, affordable and scalable recording solution for your video surveillance needs.

## Customized solutions.

We will customize a home security and automation system to fit your family, home and budget. Contact us for more information or visit our website for a free security assessment and quote.
